Deadline: June 26, 2023

Ref No. SO-MOH-FGS-0051-CS-INDV

1. BACKGROUND OF THE PROJECT

The Government of the Federal Republic of Somalia, through the Federal Ministry of Health, is implementing the Improving Healthcare Services in Somalia under the “Damal Caafimaad” Project, with financing from the International Development Association (IDA) of the World Bank Group. The four-year project will contribute to Essential Package of Health Services (EPHS 2020) implementation aimed at improving the coverage of essential health and nutrition services in project areas and strengthen the stewardship of the Ministries of Health in Somalia.

The Damal Caafimaad Project, funded by the World Bank, has three key components: (i) Expanding the coverage of a prioritized EPHS in selected geographic areas; (ii) Strengthening Government’s stewardship to enhance service delivery; and (iii) Project Management, M&E, Knowledge Management, and Learning. The Project will focus on expanding an essential package of high-impact health and nutrition services across the population in project target regions within available resources and service delivery capacity, and also aims to develop the Federal and State Ministries’ of Health capacity to act as stewards of the health sector. Component one (1) will finance the delivery of a subset of essential health and nutrition interventions outlined in the Essential Package of Health Services (EPHS) 2020 with a focus on communicable diseases, maternal and child health, non-communicable diseases and other primary health care services, to address the leading causes of mortality and disability in Somalia. Component two (2) will support development of government’s stewardship capacities at both the Federal and FMS levels in areas such as health management information systems, data use, public financial management/ contract management/ health financing, private sector development and regulatory

reforms, and organizational development. Component three (3) will support day-to-day project management including coordination, administration, communication, management, procurement, M&E, and dissemination of project activities at both FGS and FMS levels. In addition, a zero-cost component known as a Contingency Emergency Component (CERC) will provide immediate surge funding in the event of a public health emergency, such as a disease outbreak, is included if the need to reallocate funds arises. This component will only be triggered in the case of a public health emergency and when certain actions, as agreed by the Government and Bank teams, are met. The MOH is seeking to use a portion of the Damal Caafimaad Project to finance the recruitment of a Public Private Partnership Specialist.
